

Identify one item in your kitchen that came without packaging.

How many pieces of one-time-use packaging were you offered today? (plastic bags, paper cups, take-away food cartons...)

Is there one type of waste that you could start reducing or avoiding today?

THIS IS NOT GARBAGE

*Space for
drawings
and ideas*

MUSEUM OF GARBAGE,

an exhibition of waste in Istanbul

ÇÖP MÜZESİ,

İstanbul'da ziyan sergisi

19.03. - 02.04.2015

Thank you for being a part of the MUSEUM OF GARBAGE. We are grateful for your contribution to the project.

We are continually reminded of the difficulties of proposing sustainable solutions and of the need for collaboration and dialogue. Rather than suggesting to know all the answers ourselves, we would like to hear from you. We invite you to use this card to send us your thoughts, innovations, or personal experiences. We will include your postcard in the exhibition, furthering a collective conversation.

Actively yours,
FLYING roots
